v1:

everyones told me,  
im not who they want me to be,  
im being who i wanna be,  
living life like there is no ending,  
but still it gets to me,  
every critic i get its killing me,  
and every word i hear from them,  
its growing on me,

c:

its just the way i dress,  
the way i look,  
everything thats in the book,  
its what i get,  
im not perfect yet,  
and yet i see the girls like me,  
their proud of all that they can be,  
but thats not me,  
its tearing me up yea its tearing me up,

v2:

now im looking in the mirror,  
at my self and all the bad things that i hear,  
waiting for the flaws to disappear,  
every critic from ear to ear,  
and still they tell me,  
nobodys perfect,  
still everyones out there,  
worried about what they wear,

(chorusX2)

v3:

so ill look back once again,  
and see myself and everything thats happened,  
and its all coming back to me,  
and i can finally see,  
that im okay just the way i am,  
its all the way that it should be,  
its me,

its just the way i dress the way i look everything thats in  
the book its wat i get,  
im not perfect yet,  
and still i see the girls like me their proud of all that  
they can be,  
and thats just me,  
its not tearing me up,  
im just being me.
