v1:

another story,
always that cinderella syndrom blah,
it's making me sick just to hear them say,
"i need a white horse with a knight in shining armor"
and gag me,
this is reality,

v2:

wake up,
and get out of this dream,
turn the page,
to one that seems,
interesting,
move along,
he's not waiting for you and your sitting here,
acting like you care,
but this is reality and why can't you see,
that it's never gonna be the way you want it,

c:

wake up,
go on,
move along,
get out of this dream your just wasting your time,
so what,
he's gone,
you lost,
just another story with a happy ending,
his life,
your life,
your dreams,
and you think to yourself this can't be happening,

v3:

so they tell you,
all these lies making you think it's the truth,
while these girls are out there acting like whores,
i hate to tell you taylor swift but it's the truth,
that we're not in romeo and juliet,
so you better wake up cuz this is reality,

(v2:)(chorus:)

no it can't be happening
you know this can't be happening.
