v1:you flirt,  
you talk,  
you cheat,  
your wrong,  
your right,  
you know i'm gonna start a fight,  
stupid,  
your dumb,  
never know whats wrong,  
i guess i knew it all inside,

c:this time you crossed the line,  
i know you can't define,  
the meaning of faithful,  
don't say whats yours is mine,  
i am myself tonight,  
i guess you still don't know,  
the meaning of faithful,

v2:you touch,  
you stare,  
you know whats there,  
you hold her hand when i'm not there,  
that stare you stare,  
that glare,  
you see her everyday and i'm still here,

(chorus)

v3:and here i stand,  
alone with no hand to hold,  
i'm growing cold,  
she's there with you,  
you hold on to her tight,  
and don't let go,  
i guess i know now,  
that she's the one you want,  
just let me know now,

(chorus x2)
