v1:

crying all alone,
theres nobody around,
im falling to the floor,
and i can't get up again,

b:

when will this change,
when will you take my hand,
tell me that you love me,
and hold me as close as you can,
im falling back,
catch me when you please,
and tell me everything is alright,

c:

i'll take a step back,
i'll fall into your arms,
hoping that you catch me,
but your always gone,
the freedom i once hed,
your taking me over,
and now im still lost without you,
without you...

v2:

i'll wipe away my tears,
and bottle up my fears,
hiding in the dark from everyone around me,
holding back this pain,
the things i shouldn't say,
but still im so lost without you,

(bridge)

(chorus)

im still in the shadows of the open door,
should i take a step back or follow,

(chorus)

(bridge)
