Angie Reed - Habibi

Phew! Oh, it's so hot! Oh, I've arrived! Nice place! Wow!  
Palm trees, expensive cars.

I died my hair, it's long and blond - wow  
And rode my camel all night long - ow  
Just to be here, just with you dear  
M-hm  
So, knocking on your door is covered face more  
Hello, you're what I'm here for  
Just to be your habibi

In this oasis of covered faces  
I've crossed a desert of all places  
To be in this palace of gold - wow  
With twelve sixteen year-olds  
Who want to be your habibi  
But I won't mind to share 'em  
With the rest of the harem  
Oh habibi (habibi)  
Dear habibi (habibi)  
Let me rejoice in your Rolls Royce

He looks deep into their starry eyes  
And sees the starry nights like the eastern skies  
Choose me, habibi  
Choose me

Hey habibi, don't you want to kiss me?  
Hey habibi, don't you think I'm pretty?  
Hey habibi, don't you think you'll need me?  
Hey habibi, please don't diss me

Who will it be? (me me)  
Habibi?  
Will it be me?  
Habibi?  
Oh choose me  
Habibi  
Choose me

While the reflection of the moon hits the sand dunes  
The sand clock whispers: soon (soon we'll know who)

Who will it be? Me, me  
Coffee, tea or me?  
Me, me, me, me, me...

His glance starts to dance around their covered faces  
then he gazes into their starry eyes like the starry  
nights  
But his eyes stay on me  
Me? Really me? Is he choosing me?  
Oh, he's taking me by the hand

He's choosing me  
I'll be loving others  
Now riding their camels back to their mothers

Hey habibi, don't you think I'm pretty?  
Hey habibi, don't you think you'll need me?  
Hey habibi, don't you want to kiss me?  
Hey habibi, don't you think you'll miss me?  
Hey habibi, don't you think you'll need me?  
Hey habibi, don't you think I'm pretty?  
Hey habibi, don't you want to kiss me?  
Hey habibi, please don't diss me

Oh, how the poor things cry out  
Their starry eyes into the starry night  
And from their covered faces  
Grow salty traces of tears  
That drop into the sand  
For this arabian man  
For habibi (habibi)

For my habibi (habibi)
