I always wanted to sing
To feel the spotlight, whatever it brings
And now the moment has come
Take a chance, take it all
This is where I belong

If my hearts in the music
Then I know I can do it
Find my voice and I will use it
To sing from the heart

Everytime that I second guess
Everytime I wonder, am I ready yet
How will I get it right
When Im not feeling sure
Or I feel insecure
I still know that Im ready for more

If my hearts in the music
Then I know I can do it
Find my voice and I will use it
To sing from the heart

Im ready to go x2
Now I know I know

If my hearts in the music
Then I know I can do it
Find my voice and I can use it
Its my chance
Its my time to prove it

Cause my hearts in the music
Now I know I can do it
Its my chance I can prove it oh
My friends helped me through it

Cause my hearts in the music
Now I know I can do it
Its my voice and I will use it
To sing from the heart
Oooh ohh ohh to sing from the heart

Ohh to sing from the heart
