Can't get enough of your sweet love, my baby
Can't get enough of your sweet love, my lady
Can't get enough of your sweet love, tonight

Oh Juliet is crying all the night
She doesn't know what is wrong and what is right
She packed her things, and she wants to leave her
home
She has a broken heart and she's alone
Oh Juliet is crying, she's crying all nights
..... the love do us just unite

I just can't get enough of your sweet love, my baby
Get enough of your sweet love, my lady
Get enough of your sweet love, tonight
I just can't get enough of your sweet love, my baby
Get enough of your sweet love, my lady
Baby hold me tonight
I just can't get enough of your sweet love, my baby
Get enough of your sweet love, my lady
How can we be wrong
I just can't get enough of your sweet love, my baby
Get enough of your sweet love, my lady
Where my heart belongs

For Juliet it's just the end of time
She doesn't know that love is hard to find
But if there's anything that I can do
Oh Juliet I'll do, just for you
