Oh, please believe me baby - it's just a sad sad
memory
Oh, please believe me baby - I swear I am not so blind
to see
You broke my heart - and I meant what I say
I tell you, I swear you - I love you
Oh, please my baby - stay!
Baby, I love you - it's true

Oh, baby - don't let me down
Oh, baby - don't fool around
Oh, baby don't stop - my love is hot
Take me, oh take me tonight.....

Oh, please believe me baby - we're closer to heaven,
it's true
Oh, please believe me baby - there's no me without you
I am calling your name - I meant what I say
I tell you I swear I love you
My love is a flame - oh, show me the way
I tell you, I love you - it's true.....
