Heaven Will Know

When I'm down and feeling blue
I close my eyes, oh, just to be with you
I'm a dreamer and you know
You are my woman and I'll never go
God put an angel here on earth
Who gave more than all I'm worth
You are my angel in the night
In the darkness you're the light

Heaven will know, oh, heaven will know my love will
grow baby
Heaven will know, that I need you so, I can't say
goodbye lady
Heaven will know that I'll never let go and I'll stay until
my heart stands still
No matter what baby, be what you are
Heaven, send me an angel
Heaven, send me a star

Don't let me down, take my hand
Now and forever, be my friend
Take my love and heart tonight
You are a woman till the morning light
I dry the tears I've never shown (never shown)
In empty house I call my own
You are my angel in the night
In the darkness you're the light

And it's more than a passing phase
And it's more than a few nice days
And it's more than i've ever known
And I'll never be alone
