Hello, how are you  
It has been a long time, it has been a while since I saw  
through  
Your fiery eyes, so vivid and green.

How is life?  
Is it treating you kind?  
And how about the wife?  
I hope you don't mind me asking some delicate  
information  
Or the sense it has to do with you being back on the  
scene.

Beauty is a matter of time  
Your patience was long overdue before you discovered  
mine  
But that's ok, it's fine  
Since I got to know you in your splendor.

Rush now baby, off to your wife and kids  
Because if this gets back to them  
You might regret the sharpening bits.  
Flying through their sparkling eyes  
Why take the risk of blinding them, for some minor  
contendor.

Refrein:  
There's never been an agreement for all of this  
You heard a promise in the backyard  
For me they were sounds of bliss  
It is fine for as long it's a temporary folly.

And there's no clear prerogative we own  
One enters competition, and when you think you're all  
alone  
There's borrowed time, there's one more crime  
But in your mind only.
