At sinister places we stand  
in a circle all dressed in black  
now evoking the damned  
doing the dance of death  
drunk as we are  
by the poisoned cup of Bacchus  
Aspell was cast  
and the dead were now among us  
in visa deo luna laborat  
I shall fear the light now  
the sunrise I forgot  
Noctivagus forever  
and by day in my coffin I shall rest  
binded to eachother  
Aegrimonia in aevum nectae  
Call up the hidden ones  
wandering in between  
as yesterday becomes tomorrow  
so shall I become unseen  
the thick red blood

I shall gain  
The lifeless walk  
Am I mundane  
as I enfold my theeth  
slowly around her neck  
the devouring of the week  
in cryptic times, and then...  
Fear me not my love  
for the wolves are among  
them shadows shall clasp  
the hidden-hunger tomb  
dusk upon the black rod  
Ancient velvet covers the face  
of the evening wine-red fog  
shall I ever enter grace  
Coroner in stigmata  
the damnation of the soul  
deserted forests lyrica  
and yet, who wanders in solitude
