temptation
temptation

comrades, people of the world

temptation

we ain't got nothin to lose
temptation
but the goddamn bourgeoisie blues
temptation
Mr. I.V. Lenin the Lenin of love
temptation
gonna make us feel so fine with a hit
temptation
of socialism in the mainline
temptation

Bourgeoisie parliamentarianism (no way)
the highest state of society
third world debt
third world exploitation (damn)
what a society we're living in (you're right I.V.)
selling third world drugs at first world prices!
they say Lenin was wrong
Who says? (that's right)
it's enough to give me the fucking blues

i know you're searchin for some new sensation cause I
saw you with the sugar man
you took a taste of that sweet salvation now you're
eating out the palm of his hand
you hear some line from a song that reminds you of
the time when you were seventeen
the memory moves you but you feel kinda confused
'cause now money is your melody

looks like
temptation got a hold on you
she's eating away at your dreams
you're so hungry for that smell of money
you been wastin away for years

temptation

yeah, you been tempted brother
you been tempted sister, too

hear you were hustlin with some heavy connections
hooked up on those dollars and dimes
you were looking for thrills and dressed up to kill
any motherfucker messin with your goldmine
but now you, you walk the line tryin to buy yourself time
with some honey backed guarantee
but the bees they arent buzzin
and the flies they are hummin
around the holes in your hypocrisy
looks like
temptation got a hold on you
she's eating away at your dreams
you're so hungry for that smell of money
you been wastin away for years
temptation

temptation got a hold on you
she's eating away at your dreams
and i tell ya
you're so hungry for that smell of money
you been wastin away for years
temptation

waste away now

temptation got a hold on you
temptation got a hold on you

what do we want?
?more central state? government

what kind of power?
soviet power

temptation
temptation

it's enough to give me the fucking blues!

socialism
straight in the mainline
socialism
straight in the mainline

see you wastin away
temptation got a hold on you

see you wastin away
temptation got a hold on you
see you wastin away
temptation got a hold on you
see you wastin away
temptation got a hold on you
i see you
temptation got a hold on you
i see you wastin away
temptation got a hold on you
see you wastin away
temptation got a hold on you
