shoot me
with the real thing
shoot me, me moth, me motha'
now's the time for you to get right and repent

I've been converted
sit right there and get educated, sit right there
I've been converted
peace, in the valley
I've been converted
peace, in the valley
sit right there and get educated, sit right there

You gotta ask yourself this question:
can a man who has fought in the jungles with I.V. Lenin
against the running bell kept the least of pigs

sleepin and huntin so lonely that the rats would search
back, be my redeemer? an'gotta say well maybe

yes, and maybe no, but I know that I gotta go
somewhere, and that somewhere might as well be
church

now's the time for you to get right and repent
I've been converted

fourty days you been tried and tempted
fourty nights you been out in the cold
every phone line conversation's intercepted
you can't reconnect 'cause the frequency is closed
so many winds you been out of direction
so many signs you ain't got nowhere to go, yeah
cadillac has got it's headlights disconnected
you're rollin' your wheels down the wrong side of the
road

can you see them now?
can you see them now?
can you see the sisters swinging, yeah?
can you hear them now?
can you hear them now?

now's the time for you to get right and repent
can you hear the brothers singing, yeah?

let's go back to church
let's go back to church
so damn long since we sung this song, let's go back to
church
let's go back to church
let's go back to church
any day now, any way, any how, let's go back to church

I've been converted

'cause see,
you drink the wine but it, it tastes like water
and ya broke the bread but it, it turned into stone
the sacrament it lays scattered on the pavement
and the covenants you kept they'd all been stolen
under the soul

you can see them now
yeah, you can see them now
you can see the sisters swinging, yeah
I know it now
yeah you can hear them now
yeah you can hear them now
hear the brothers singing yeah

let's go back to church
let's go back to church
its been so damn long since we sung this song
let's go back to church
let's go back to church, yeah
let's go back to church
any day now any way any how, let's go back to church

right back

ive been converted
ive been con

right back

ive been converted
ive been

the Lord knows I
the Lord knows I
the Lord knows I
I've been converted
long time

the lord knows I
take your time
the lord knows I
back to you, oh Lord
the lord knows I
ohhhh
I've been converted

yeah cause I'm talkin' with the street angels on this
road

I aint goin away, no way
church is where I'm goin to stay every time i come to
church I feel a'low, alive, resuscitated
ain't no fear I chase all them demons away right here in
church, yes sir

let's go back to church
let's go back to church
I'm gonna lift up my soul to the sunshine
now, any how
let's go back to church

let's go back to church
let's go back to church
yeah the lights in heaven goin to shine on this
people get ready, there's a train a comin
let's go back to church
let's go back to church
now, any how
say it now
let's go back to church
