When im alone the world is such a different place
Sometimes it's hard to keep the smile upon my face
It seems like I try so hard and still I let you down
Its taken so long but now there's one thing that Ive
found

When everyting starts crashing down
When all I know falls to the ground
When darkness comes and I can't see
You're always there to rescue me

Just when I think that Ive got it figured out
You open my eyes and let me see that there's no doubt
But you've got it all within the power of your hand
It seems like the more I know the less I understand

When everyting starts crashing down
When all I know falls to the ground
When darkness comes and I can't see
You're always there to rescue me
When all my strength has turned to fear
When I wonder if you're near
When I don't know how to break free
You're always there to rescue me

I wonder if I'll make it through this darkest night
I need to know your strength in me gonna win this fight
Im reaching out wont you take my hand show me to the
light
I know you're by my side

It seems like I try so hard and still I let you down
Its taken so long but now there's one thing that Ive
found

When everyting starts crashing down
When all I know falls to the ground
When darkness comes and I can't see
You're always there to rescue me
When all my strength has turned to fear
When I wonder if you're near

When I don't know how to break free
You're always there to rescue me
You're always there to rescue me
You're always there to rescue me
You're always there to rescue me
You're always there to rescue me
