If I were ever to die, not likely say I  
Because I am gonna go on and on  
Just like the sun you see  
Come up every dawn

I'm there, eternal, you know  
The power I have is the power  
To unleash love in every sphere  
I can make ladies  
Rise from the dead no fear

Watch how I do it, listen up here  
A drop of my seed to the east  
To the west, to the north and the south  
And then I bring them up slow  
And they start shoutin' out loud

And I make love till the cock crows  
And then baby don't you know  
You goin' back in the hole again  
'Till I bring you up once again  
To fill my lovin' cup

I found darkness in the heart of the sunshine  
I got blinded by the light in the moon  
A black dog was barkin' at my back door  
When I began my life born alone

And now my home is just a headache as a heartache  
There no comfort in my family's arms  
An'now I know I'm ready to go under  
There ain't no need to set the clock to alarm

'Cause I like walkin' in my sleep, yeah  
It's the nightmare on the thirteenth floor  
I've been wadin' in too deep, yeah  
They found some blood stains on the basement door

I went looking for some peace in the country  
But I found violence on the village green  
The trees are com tapped the mountain wired  
With the clone closed circuit TV

As things fall apart, my center is not holdin'  
I crawl the city streets like a blind man  
The beast has just departed Bethlehem  
The second coming is getting out of hand

But I like walkin' in my sleep, yeah  
It's the nightmare on the thirteenth floor  
I've been wadin' in too deep, yeah  
They found some blood stains on the basement door

Come with me now, baby, the ghosts are on, arise  
I seen the sun just like medicine  
Take, tranquilize, come baby  
Baby I'm here, your inside

I like walkin' in my sleep  
It's the nightmare on the thirteenth floor  
I've been wadin' in too deep, yeah  
They found some blood stains on the basement door

I like walkin' in my sleep, yeah  
It's the nightmare on the thirteenth floor  
I've been wadin' in too deep, yeah  
They found some blood stains on the basement door

All the demons, their control me, I'm seventeen  
My uncle passed away  
Mammy hangin' around out back  
Hangin' around out back, underground

Dreams come true  
Dreams come true  
Dreams come, come  
Come, come, come, come
