America, America
America, America, America

On Monday morning, ocean rain was fallin'
On Tuesday morning, many friends are callin'

Wednesday alone, stayin' at home
Thursday, oh I wait for you, Friday it's only one day
The weekend is coming soon

America, oh it's Saturday night
America, laser beams and lights
America, people feel alright

America, let the party begin
America, it's like a dream
America, let's have some fun tonight

America, let the party begin
America
America, let's have some fun tonight

On Monday morning, my heart feels like fire
On Tuesday evening, I can feel desire

Wednesday I'm down, spinning around
Thursday love is in my eyes
On Friday it's only one day to my paradise

America, oh it's Saturday night
America, laser beams and lights
America, people feel alright

America, let the party begin
America, it's like a dream
America, let's have some fun tonight

America, let's have some fun tonight
America, let the party begin
America
America, let's have some fun tonight

America, oh it's Saturday night
America, laser beams and lights
America, people feel alright

America, let the party begin
America, it's like a dream
America, let's have some fun tonight

America, America, America
America, America, America
