I was blinded by your love
I was blinded by your love
I couldn't talk to you last night
Friends and strangers side by side
I was blinded by your love

Oh, God knows, we're walking through a fire
Sound of breaking hearts around
Oh, you know, we're burning in desire
City of the lost and found

In a world of broken dreams
We will build a better life
You're my Venus in blue jeans
Only the strong survive
So come on, baby, come on, baby

I was blinded by your love
I was blinded by your love
I couldn't talk to you last night
Friends and strangers side by side
I was blinded by your love

Dreams are made, made of deep emotion
Love will feed the brand new world
Baby, leave the shadows and devotion
Living in a better world

There's a heavy weather, girl
The clouds disappear
The masquerade of loneliness
Is drowning too much tears
Come on, baby, come on, baby

I was blinded by your love
I was blinded by your love
I couldn't talk to you last night
Friends and strangers side by side
I was blinded by your love

Blinded by your love
Blinded by your love
