Oh, life is so hard and you have to choose  
The call of the wind on the highway of fools  
Why does a man never cry when he's feeling  
Are murdered by bad dealings

Will you still be there only love knows why  
Between the fire when white doves cry  
Why does a man never show what he's meaning  
To murder all his feelings

And you cry in the night  
When there's no one besides  
Your tears

Don't worry baby, I'll be by your side  
Don't let it ever get you down with you tonight  
But don't worry baby, where he has gone?  
My heart is out of my control, I'm falling strong

Don't worry pretty baby  
Come and get you down tonight  
Come and get, come and get  
Come and get you down  
Your heart of pride

Don't worry pretty baby  
Come and get you down tonight  
Come and get, come and get  
Come and get you down  
Your heart of pride  
Heart and pride

I live for love and you've got to try  
Oh, don't let this chance, baby, pass you by  
Why does a girl never cry when her feelings  
Are murdered by bad dealings

It started in heaven, there's a place for you  
Give me the chance for a rendezvous  
Why does a girl never shows what she's meaning  
You murder all her feelings

And you cry in the night  
When there's no one beside  
Your tears

Don't worry baby, I'll be by your side  
Don't let it ever get you down with you tonight  
Oh, don't worry baby, where he has gone?  
My heart is out of my control, I'm falling strong

Don't worry pretty baby  
Come and get you down tonight  
Come and get, come and get  
Come and get you down  
Your heart of pride

Don't worry pretty baby  
Come and get you down tonight  
Come and get, come and get  
Come and get you down  
Your heart of pride  
Heart and pride
