Higher than heaven, I'm higher than heaven  
Higher than heaven  
She's cool as ice, she's cool as ice  
Higher than heaven

She's cool as ice, I'm hypnotized  
My heart is crying just for more  
No guarantee, she stays with me  
She's my dream, I can't ignore

How can I just explain to her?  
That she's my baby, oh, I swear  
How can I just explain my love?

Oh, I am, higher than heaven  
(Higher than heaven)  
In the middle of the night  
(Of the night)  
Feeling like the greatest lover  
(Greatest lover)  
And I need you by my side

Oh, one, two, three, loves live longer  
Oh, can't you see, love makes me stronger?  
Oh, A B C, be my girl, tonight

She's cool as ice, she's cool as ice

I'm specialized in lonely eyes  
I can't explain the way I feel  
Night after night the stars shine bright  
You're my baby, oh, it's real

How can I just explain to you?  
Tell me what have I got to do?  
How can I just explain my love?

Oh, I am, higher than heaven  
(Higher than heaven)  
In the middle of the night  
(Of the night)  
Feeling like the greatest lover

(Greatest lover)  
And I need you by my side

Oh, one, two, three, lovers live longer  
Oh, can't you see, love makes me stronger?  
Oh, A B C, be my girl, tonight

Oh, I am, higher than heaven  
In the middle of the night  
Feeling like the greatest lover  
And I need you by my side

Oh, one, two, three, lovers live longer  
(Higher than heaven)  
Oh, can't you see, love makes me stronger?  
(Higher than heaven)  
Oh, A B C, be my girl, tonight  
I'm higher than heaven
