Why did you go, why did you run away?
Is there something I can do?
I'm standing here, I don't know what to say
Feeling helpless without you

I don't care what you said
And what you've done
For me you're still the one

I need you now
It's the only thing that you should know
Here's my declaration
I need you now
Searching for you wherever you go
Looking for salvation, I need you now

I hear your voice when I'm so alone at night
Want to hold you in my arms
I see your eyes shining so warm and bright
Wanna fall into your charms

I don't care what you said
And what you've done
For me you're still the one

I need you now
It's the only thing that you should know
Hear my declaration
I need you now
Searching for you wherever you go
Looking for salvation, I need you now

I need you now

Oh, I need you here and now
Need to get to you somehow
Tell the world that I will show my love

I need you now
It's the only thing that you should know
Hear my declaration
I need you now

Girl, I need you
I need you now

I need you now
Searching for you wherever you go
Looking for salvation, I need you now
