New York City Girl, New York city Girl
New York City Girl, New York City Girl

New York City Girl, the girl is mine
New York City Girl, give her some time
New York City Girl, oh here she comes
New York City Girl, oh she wants fun

Living in Eastwood in flat 65
She hasn't that money to live a good life
And she just can't wait till Saturday night
In New York, New York, New York

She's working from Monday till Friday night
She hasn't that money to live on eastside
And she just can't wait till it's Saturday night
See all the city, the city lights

In New York, New York, New York
In New York, New York, New York

New York City Girl, the girl is mine
New York City Girl, give her some time
New York City Girl, oh here she comes
New York City Girl, oh she wants fun

She's a New York City lover
New York is the place to go
And I swear there is no other
And no better place I know

On lower east side, she's working till 5
She's working so hard, she has to survive
And she just can't wait, till Saturday night
In New York, New York, New York

On 5th Avenue, she looks for her dreams
They are so far, but sometimes it seems
She lives her life, just on her own
She needs the city, that's her home

In New York, New York, New York

In New York, New York, New York

New York City Girl, the girl is mine
New York City Girl, give her some time
New York City Girl, oh here she comes
New York City Girl, oh she wants fun

She's a New York city lover
New York is the place to go
And I swear there is no other
And no better place I know

New York City Girl, New York City Girl
New York City Girl, New York City Girl
