Lady you can trust my heart, you know
I know our love'll survive
Love is all that matters girl
Love is all what matters

I'll never understand it's hard, I know
Oh God, why she lost her life
Love is all that matters girl
Love is all what matters

Down on my knees I pray for you, baby, baby
Oh girl, no matters what I do

Send me a letter from heaven, send me a letter from
heaven
Do you wait for me my girl
Send me a letter from heaven, a little letter from
heaven
Wait till I will leave this world

Oh, now and forever, I'll swear you love is all that
matters
Soon we're together, I know girl, love is all that matters

Every night I see your smile I swear
Heaven just comes down to me
Love is all that matters
Love is all what matters

Baby, can't you wait a while, please dare
And we have eternity
Love is all that matters girl
Love is all what matters

Oh, will you send a message to me, baby, baby
I know it means eternity

Send me a letter from heaven, send me a letter from
heaven
Do you wait for me my girl
Send me a letter from heaven, a little letter from
heaven

Wait till I will leave this world

Oh, now and forever, I'll swear you love is all that
matters

Soon we're together, I know girl, love is all that matters
