Tonight, I'll be right here  
Next to you  
Tonight, My heart is burning  
What can I do?

I will stay... Forever...  
I will go... To heaven, girl  
Anyway, anywhere, you know...  
I'll die for you

You are my shooting star!  
Believe it, I tell no lie  
Life is a Â«Bon voyageÂ»  
I'll show you my paradise Ooh!

You are my shooting star!  
So strange are the ways of love  
It's like an oddisey  
But I can't get enough... Ooh!

Tonight, Baby can't you feel?  
My love is true  
Tonight, I'm so...  
In love with you

I will stay... Forever...  
I will go... To heaven, girl  
Anyway, anywhere, you know...  
I'll die for you

You are my shooting star!  
Believe it, I tell no lie  
Life is a Â«Bon voyageÂ»  
I'll show you my paradise Ooh!

You are my shooting star!  
So strange are the ways of love  
It's like an oddisey  
But I can't get enough... Ooh!
