Anytime that you go
Girl I'm gonna miss you so
I wanna be close to you
(Close to you)
With my head in the clouds
Oh, my heart is crying loud
Wanna be close to you
(Close to you)

And I know, you are my angel
But angel are not flying low
And I know, you are my angel
And I'll never let you go

A summer in December
Love we just remember
A summer love in winter
I'll always will remember

The summer in December
Love we just remember
A summer love in winter
I always will remember

And the way you look tonight
Make the stars shine bright
Wanna be close to you
(Close to you)
Every step on my way, every word I will say
I wanna be close to you
(Close to you)

And for me, it was like heaven
Everything will turn out fine
And for me, it's like a heaven
Baby give it some more time

A summer in December
Love we just remember
A summer love in winter
I'll always will remember

The summer in December
Love we just remember
A summer love in winter
I always will remember
