We still have dreams and tears of love
We make it, babe, we're strong enough
We still have dreams, you've got a friend
Young hearts are free until the end

Baby, I've been lonely for so long
Lady, I am tired of being alone
Save me 'cause everybody needs some love
Got a date with an angel, baby, be my for ever, lady

We still have dreams and tears of love
We make it, babe, we're strong enough
We still have dreams, you've got a friend
Young hearts are free until the end

Baby, no one can ever love you more
Lady, I am the man you're looking for
Save me, my heartbeat is a loving beat
Got a date with an angel, baby, be my for ever, lady

We still have dreams and tears of love
We make it, babe, we're strong enough
We still have dreams, you've got a friend
Young hearts are free until the end

We still have dreams and tears of love
We make it, babe, we're strong enough
We still have dreams
