It was the night when the sky rained fire  
It was the night when the stars begin to fall

Baby I feel guilty  
There's no reason why  
Oh baby, 'cause I promised you  
Love will never lie

Oh, I send a wish to heaven  
I can't stand the pain inside  
This moment tells a story  
And I'm stronger than my pride

It was the night when the sky rained fire  
It was the night when the stars begin to fall  
It was the night when I lost my hearts desire  
It was the night baby when I missed your call

Music is the answer baby if you cry  
Can't you tell me, where love goes  
When it dies

And I knew it's all or nothing  
It was not a love affair  
Lay your cards here on the table  
If you need me I'll be there

It was the night when the sky rained fire  
It was the night when the stars begin to fall  
It was the night when I lost my hearts desire  
It was the night baby when I missed your call

The sky rained the fire  
When my heart feels desire

It was the night when the sky rained fire  
It was the night when the stars begin to fall  
It was the night when I lost my hearts desire  
It was the night baby when I missed your call

Sky rained fire  
Sky rained fire

Sky rained fire  
Sky rained fire
