You take me up and then you take me down  
I hear my heart, it's such a lonely sound  
And I know my love is serious  
Can I trust your heart? You're dangerous

The grass is greener, girl, when I see you  
The sky is bluer, girl, it's true  
But I know this love is serious  
Can I trust your heart? You're dangerous

'Cause I, I wanna kiss your lips tonight

Why does it feel so good  
To be with you tonight?  
'Cause no matter what I do  
I do it just for you, my lover

Why does it feel so good  
If you are by my side?  
'Cause no matter what I do  
It's only me and you, my love

'Cause it's one, to make me crazy  
Two, to be my baby  
Three, you'll never let me go

Oh it's, four, you play with fire  
Five, higher and higher  
Six, and baby, time will show

Why does my heart is beating just for you  
You promised me a secret Rendezvous  
And I know this love is serious  
Can I trust your heart? You're dangerous

Maybe I'm weak and you are strong  
But babe, I know where my heart belongs  
But I know this love is serious  
Can I trust your heart? You're dangerous

'Cause I, I wanna kiss your lips tonight

Why does it feel so good  
To be with you tonight?  
'Cause no matter what I do  
I do it just for you, my lover

Why does it feel so good  
If you are by my side?  
'Cause no matter what I do  
It's only me and you, my love

'Cause it's, one, to make me crazy  
Two, to be my baby  
Three, you'll never let me go

Oh it's, four, you play with fire  
Five, higher and higher  
Six, and baby, time will show

Why does it feel so good  
To be with you tonight?  
'Cause no matter what I do  
I do it just for you, my lover

Why does it feel so good  
To be with you tonight?  
'Cause no matter what I do  
I do it just for you, my lover

Why does it feel so good  
If you are by my side?  
'Cause no matter what I do  
It's only me and you, my love
