Sail across the universe  
All the magic here on earth  
Slipping and sliding  
Rolling and riding to you, my love

Summer breeze reminded me  
Love was wild and love was free  
Memories were hiding  
Baby, come riding to me

Wild, wild water  
Brings me back to you  
Over and over  
Wild, wild water  
Babe, still missing you  
Over and over

Wild, wild water  
Freeze the wind in summer sky  
Wild, wild water  
Expect the love that just won't die

Silver water, evening tide  
Brings that girl back to my side  
Slipping and sliding  
Rolling and writing to you, my love

You will be coming back some day  
True, I'd wanna come what may  
Memories were hiding  
Baby'll come riding to me

Wild, wild water  
Brings me back to you  
Over and over  
Wild, wild water  
Babe, still missing you  
Over and over

Wild, wild water  
Freeze the wind in summer sky  
Wild, wild water

Expect the love that just won't die

Wild, wild water  
Brings me back to you  
Over and over  
Wild, wild water  
Babe, still missing you  
Over and over

Wild, wild water  
Freeze the wind in summer sky  
Wild, wild water  
Expect the love that just won't die

Wild, wild water  
Freeze the wind in summer sky
