We have a dream, you'll win tonight
Take the chance, take the chance, God is on your side
We pray for you, you're like a hurricane
You can win, you can win, you can win the game

Try the impossible, we want a miracle
And there are millions fans around
Our dream is free, we want the victory
The hero's back in town

Oh, come on, we, we can win the race
Oh, he fights just face to face
Oh see, he will win the game
Again, again, again

Oh, come on, we, we can win the race
Oh, he, he will take the chance
Oh, only the strong survive
We'll stay by your side

We have a dream, we don't give up
We can win, we can win, right from the start
The price is high, time is on your side
Take the chance, take the chance, you'll win tonight

I know you are the best, you can beat the rest
We'll never let you down
You'll have the energy, we want the victory
The hero is back in town
