In the middle of the night
while everyone was still asleep
a gentle breeze froze my skin

They were tears of cold blood
dropping on the ruined floor
that revealed my blackest sin

I found out that i am the antichrist
Darkness took my soul away
I found out that i am the antichrist
Darkness took my soul away

Satan, whisper to me
I am your darkest slave
I'll be glad to
belong to the grave

Satan, scream for me
I am your faithful lover
My sleeping time
it's just over

Because this night..
I found out that i am the antichrist
Darkness took my soul away
I found out that i am the antichrist
Darkness took my soul away

Because this night..

I found out that i am the antichrist
Darkness took my soul away
I found out that i am the antichrist
Darkness took my soul away

Now you can't escape
feel the pain as the flames
burn your flesh from inside
to outside

Celebration of your sacrifice
has just began. Scream
Look into my eyes. And scream

Because I am the antichrist
