I've been waiting for this moment all my life
I really want to give my heart to You
And if You would give me Yours I could never doubt
Your love again
I could go through anything
As long as You are here with me, I've

CHORUS

Got to have You in my life
Got to have You in my life
Wanna be true in my life
Got to have You in my life

I don't want a pocket full of empty words
I really want to change from inside out
And not from the outside in
I need something powerful and true
You laid down a perfect life
The greatest love of all and so I've

Chorus

All that I have in my heart I will give You
I know that Your promise of love is true

I've been waiting for this moment all my life
I really want to change from inside out
And not from the outside in
I could never doubt Your love again
You laid down a perfect life
The greatest love of all and so I've

Chorus
