You are entering the White Room
Yeah, that's the password
And you can leave your hangups at the door now
Coz this is the White Room
My asylum
And you are welcome
(ooo, na na na, ooo ooo, na na na)

Look at all you pretty people
Walking past my eyes
The room is getting smaller
There's a bright light deep inside
My toes are curling upwards
And my shoes have left my feet
They took away my velvet chair
My name is obsolete, oh

Hell we can get dreamy, yeah
Delicious, we can be happy, yeah
So happy I've been thinking about you, yeah
(and if you wanna come)
And if you wanna come in
You've got to knock three times

You are entering the White Room
Yeah that's the password
And you can leave your hangups at the door now
Coz this is the White Room
My asylum
And you are welcome
(ooo, na na na, ooo ooo, na na na)

Good Heavens! I don't know how you got here,
Did you sneak inside my head?
Or did you say a few sweet words
and sneak inside my bed?
Look at this huge big pillow
Come and lay your mind
And walk inside my crooked thought
And see what fun you'll find, oh

Hell we can get dreamy, yeah

Delicious, we can be happy, yeah
So happy I've been thinking about you, yeah
(and if you wanna come)
And if you wanna come in
You've got to knock three times

You are entering the White Room
That's the password
And you can leave your hangups at the door now
Coz this is the White Room
My Asylum
And you are welcome
(ooo, na na na, ooo ooo, na na na)

Positively spiritual (aah)
Definitely sexual (aah)
Could it be I'm cynical? (aah)
Or could it be I
Well I, like I said
Override,
Satisfied,
Our love hits on the red
Do you show me that secret weapon
That shoots my fears all dead?
This is the White Room
My asylum
And you are welcome
(ooo, na na na, ooo ooo, na na na)

You are entering the White Room
That's the password
And you can leave your hangups at the door now
Coz this is the White Room
My asylum
And you are welcome

Say you are entering the White Room (white room)
Yeah that's the password (that's the password)
And you can leave your hangups at the door now
Coz this is the White Room
My asylum
And you are welcome
(yes you are)

Coz you are entering the White Room
That's the password
And you can leave your hangups at the door now
Coz this is the White Room
My asylum
And you are welcome
