We sleep on the symbols of apocalypse but no reason to fear.

Count the so called destiny from these accurate numbers.

Something went wrong from the very beginning. Who fell the

first domino-block? Was it Devil or was it God?

The cradle of decay buried deep into the soul.

Rotten kingdom for the sons of God.

The shadow of the mankind is calling our names.

My vision is your truth in my vision.

Silky dreams, golden rings. He wears the mask of day.

He wears the mask of night. For who and how long?

Warmth calls but so the cold diamond. They both tries to seal

my fate. Echoes from yesterday, echoes from tomorrow for me who is today.

Distance is not enough, I can still feel the warmth.

I'm between the right sides standing between the wrong sides.

The flames they burns me until I am strong enough.

My wounds... I'll freeze them!

I will just sleep over the night.

My icy shell...

I will never let melt again!

We sleep on the symbols of apocalypse but no reason to fear.

Count the so called destiny from these accurate numbers.

Something went wrong from the very beginning. Who fell the

first domino-block? Was it Devil or was it God?

The cradle of decay buried deep into the soul.

Rotten kingdom for the sons of God.

The shadow of the mankind is calling our names.

My vision is your truth in my vision.

Wounds my heart.

Burns my eyes.
Until I'm strong enough.

Wounds my heart.
Burns my eyes.
Until I'm strong enough.
