You think you're something special
Don't look at me that way
You think I'm going to say it for you
But it's not for me to say
Tonight you're afraid to face up to the lies
But tomorrow never dies
You think you're going crazy
But it's all in your head
You think you've got religion
I think it's gettin' you instead
Tonight you refuse to hear your neighbors' cries
But tomorrow never dies
You think you're at the movies
But you're a work of art
You think you've got the uncut virgin
But she's showing off her scars
Tonight you pretend the stars are in your eyes
But tomorrow never dies
You think you're going nowhere
I think you go too far
You think you're something special
You don't know how right you are
Think you're something special (tomorrow never dies)
Think you're something special (tomorrow never dies)
Think you're something special (tomorrow never dies)
Think you're something special (tomorrow never dies)
Think you're something special (tomorrow never dies)
Think you're something special (tomorrow never dies)
