One two three Go.

I don't like the way you cook,
I just like the way you look.
All you do is bother me,
But all I really want it your body.

I don't know what I wanna do.
I just wanna have sex with you.
Wooh oh oh oh oh. Don't stop.

Now, I don't like the way you cook.
I just like the way you look.
Your beliefes really hurt my head.
But all I think about is getting you in bed.

I don't know what I wanna do.
I just wanna have sex with you.
Wooh oh oh oh.
Woh woh woh.
Wooh oh oh oh.
Hey hey hey hey hey!
