loosin my marbles
loosin my shirt
packin the marlboro's
kickin the dirt
gettin so heavy
im goin deep this time

thought you was happy
you been cryin instead
feel like your drownin
lyin in bed
gettin so heavy
your goin deep this time
goin deep this time

im lookin at forty
actin like a child
like a child

if i was a bad man
i bet you would try
livin the single life
just one more time
gettin so fed up
with all the lows and highs
im goin deep this time

im lookin at forty
actin like a child
like a child
im lookin at forty
actin like a child
like a child

lookin for a reason
im just sayin
sayin
are we fightin
fightin
guess what im
leavin

ooooooooohhhhhhhhhh
for good

oooohhhh
go in deep this time
go in deep this time

lookin at 40
actin like a child
like a child
im lookin at forty
actin like a child
like a child

im lookin at forty
actin like a child
like a child
