Wastin' away
Sittin' around
Time on my hands
Leaves on the ground
Been showed the way
Hinted around
Never been certain
Never been found
Chorus:
Cause I'm a faker
Pretending along
Losin' site of my maker
I will die before I finish this song
Been showed the way
Hinted around
Never been certain
Never been found
Fakin' away
Pretendin' around
Rain's in the bucket
And there's dust on the ground
(Chorus)
Slippin' away
Waiting around
Words in my brain
Words makin' sound
Been showed the way
Hinted around
Never been certain
Never been found
Wasting away
Sitting around
Time on my hands and there's
Leaves on the ground
Fakin' away
Pretendin' around
Rain's in the bucket
And there's dust on the ground
