verse 1-

Baby you are mine
You're everthing to me
You're my laughter and my joy
The music to the song I sing
You're my dream. my fantasy
And for that you'll always be my candy love

Chorus-

Candy Love, your love is like
Candy Love
You bring sweetness in my life
And for that you'll always be my candy Love

Verse 2-

It took lots of time
But love came with destiny
And I know that I am the one for you

And you the one for me
Babe I can't tell you how much you mean to me
Cuz it's like heaven when I wake and before i sleep
My heart is yours, for you to keep

Chorus

Heartbreaks from the past
Is starting to make sense
This candy love of yours
Seems so sweet and intense
I love you boy
You know that's true
It's more than candy love...
I FEEL FOR U

chorus till fade
