### Verse 1-

Your personality intrigues mind  
Your touch seems to electrify  
My heart beats a bit too fast  
How could she break your heart like that

### Bridge

I'm here for you baby  
I'll always be  
I'm down for you baby  
I'm right here

### Chorus-

How can she  
Break your heart like that  
If she was me  
I'd realize what I have  
If you're looking for an answer

To solve your hopes and fears  
Baby, my baby  
I'm right here

### Verse 2

The way you feel hurts me inside  
The way I feel, boy, I just can't hide  
My body shivers and I want to cry  
Cuz I'm right here... to relax your mind

### Bridge

### Chorus

I fell in love...  
I need your touch...  
I wanna feel you..  
I'm right here to make your dreams come true
