Overfilled honor is like  
torment in the yard of destruction  
Why cant I be your doghound in blood  
Lizards spring melodies and elder trees  
In the night with every night  
Lizards spring melodies and elder trees

Escape me  
Escape me  
Escape me  
Escape me  
I am not a dwelling

A rock is coming towards me  
I am the king of the unseen  
Why can't you behave like roan misery  
Like that you are  
Lizards spring melodies and elder trees  
In the night  
In the night with every night

Escape me  
Escape me  
Escape me  
Escape me  
I am not a dwelling

Escape me...
