Let me show you something

I flow with style  
its so unique when I spit  
Iâ'd like to think Iâ'm legit  
So for ill never ever quit  
Retire retreat back to my house I don't sleep  
Iâ'm enticed by the thoughts that I think  
Lyrics are nice melt your brain like ice in a bucket of  
heat  
Ill be up all night steady writing for weeks  
Until my fingers start to bleed, page starts to speak  
Shouting at you hoping that you see what I see  
Iâ'm sick of taken it all in and being complacent  
Broke lose from the chains now Iâ'm out of the  
basement  
Got a powerful voice here to make a statement  
Deface the proclamations that our fucking up our  
nation.

### LET ME SHOW YOU SOMETHING

I wish I could explain  
My UN satisfaction  
Towards their gangster tactics  
And their shoot-em up antics  
I can hear ambulances in a close distance  
What's my infatuation with violence ( I don't know)  
Everyone else stays silent but I stay persistent  
Reparation Movement WILL change the system  
Inmates pay back society for they wrong they have  
done  
Serviced marked my idea so you can not take it and  
run  
Besides it's already moving inside  
Inmates are responding well  
They understand why we connect them with the outside  
Kill that animal inside cause the paradox of super max  
keeps them confined  
Its kind of hard to relate  
Give them space to unwind  
And let them recreate their fate

And help them change their lives  
I DO BELIVE that some criminals deserve their time  
But guilty by association is one hell of a crime.

LET ME SHOW YOU SOMETHING.
