Life is easy in the cemetery

I lay in my bed counting the seconds
Any minute now ima fall asleep
Ten feet deep into a state of oblivion
I can feel them pulling me in with that crooked grin
Look on his face
This nightmare so surreal it's fake
I'm a character haunted by demons and saints
My screams provide no relief
Tossing and turning in the sweat of my sheets
I'm starting to think that I need to see a shrink
This insanity will continue until the morning takes lead
O lord help me please

So pray for me cause it feels like it's gonna be long
I got the feeling that something's going wrong
I will end up at a cemetery
Ill meet a girl with lips that are crimson cherry
In a dress that she shouldn't be wearing
Death is at the tip of our tongue unless the jury's hung.

Wish you were here
This is only creepy on the inside
You're freaking out
Pushing up daisies
Life's a little easy in the cemetery so come hang out

Everyday's the same
Just a different name
Im a slave to a god that says I cant be saved
But I've served her with all my heart (ya right)
When I finish my deeds ill be set free
Let me give you a brief
On the story of smart it's glorious from the start
Heaven denied his application
So he spends his time in prison cause he feels much
safer
Don't you read the paper?
Reality is vivid that's how we live it
You can die any minute
I bet you never thought of that

A gun a bat or a heart attack anything is possible
The cemetery's got more rooms then a hospital
The grim reaper wont charge you to stay and
He'll pay your toll before he sends you on your
way...Â....
