"Just Let It Slide"

you make them feel
wrong they already do
you need to feel control
that's nothing new you
seem to have the
answers but you haven't
heard the clue it's not a
prayer of correction it's
patience for you

just let it slide it's alright
nobody's perfect
although we all try
so just let it slide

you hurt them with your
anger you express it
from your eyes you say
it's not your fault that
comes as no surprise
you pray for forgiveness
you must first forgive cut
loose this baggage
from your sinking ship

just let it slide it's alright
nobody's perfect
although we all try so
just let it slide give up
the fight you're pushing
them away your grip is
too tight so just let it
slide
