~Illusion~

I have no more fantasies for future  
It's only a confusion  
Gotta do it all today before I'll die

Armageddon,  
True Believers  
will be saved from Eternal Death

"All the same - life goes on in the way as it goes"

No it doesn't  
There will be a day of judgement  
For everyone

"I don't care - my wellfare depends on money and  
goods"

Those things  
Lead you to the death  
Until to Hell

You think faith is illusion  
Some weird illustration  
But whatever you might say  
Jesus is the only way

No such an illusion  
That could be like this  
No such an illusion  
That could feel like this  
No such an illusion  
That could change my life like this  
It never fades away

Faith - it never fades away  
Faith - it never fades away  
Faith - it never fades away

Lord let there be no other things in my heart  
than this faith; burning fire, Holy Spirit

There is a fighting  
in my heart  
again that evil one's telling lies  
The master of Neverending Sea  
There's gnashing of teeth and  
Everyone cries  
Everyone dies

See more than illusion  
No one ever gains  
without fighting

Receive now something real  
No one ever gains  
without fighting

See more than illusion  
No one ever gains  
without fighting

Receive now something real
