[Lyrics: F. KHOSROSHAHIAN]

Hey you standing inside me  
How can't you hear me?  
What's made you so angry?  
You're poisoning me like this  
I'm looking at wounds on my flesh  
(On my flesh)  
I feel suffering inside me  
But it means nothing to me  
I don't see efficacy for you  
You'll never be free from what has made you this

You let me  
(I won't let you free)  
What's torturing me for a century

I know my soul would be dead sooner than my flesh  
But then I won't be lonelier than now  
I know I'm adding nothing to nothing

My friend I don't know how I'm not afraid  
Of looking at evil's eyes guess I've seen  
I've seen it in the mirror, a thousand times

Let me free  
Let me forget  
Let me free you, from inside me

Now, you'll see how it was meant to be  
Let me free you from inside me  
Let me free you from inside me

Million years, I'm falling  
All these years, I'm shouting

I know you'll let me down going  
So, at this moment of clarity  
At this moment of contiguity  
Don't forget me  
Do not let me free
