it's hard  
wanting something you know you can't touch  
watching your chances go by  
but it's life  
fighting for what you can never win  
even though you've tried

and i try to sleep at night  
telling myself that i've done my best  
but the thought of you won't let my heart rest  
i can't turn off the lights  
afraid that i'll never wake up  
cause you took my breath away  
and i'm ripped and torn apart  
guess i'm just another lonely heart

won't close my eyes  
and i can't tell myself anymore lies  
cause the truth is right in front of me  
and it gets harder to breathe

and i try to sleep at night  
telling myself that i've done my best  
but the thought of you won't let my heart rest  
i can't turn off the lights  
afraid that i'll never wake up  
cause you took my breath away  
and i'm ripped and torn apart  
guess i'm just another lonely heart

so here's to all the lonely hearts  
when you're cold and it's getting dark  
tell yourself that you'll be ok  
cause love will be on it's way  
some day

and i try to sleep at night  
telling myself that i've done my best  
but the thought of you won't let my heart rest  
i can't turn off the lights  
afraid that i'll never wake up  
cause you took my breath away

and i'm ripped and torn apart  
guess i'm just another lonely heart
