"Mirrors"

You look into a mirror
It's wonderful: the feelings it can hide
Doesn't seem any clearer
But just so you know
I'll always be by your side

You look at me like I'm not there
You avoid my gaze, avoid my stare
Don't pretend it's not the end
Cause I know where we stand

It's funny how we used to be so strong
But now it seems like we don't belong
Together
And mirrors won't make it any clearer
Even though now we're just friends
I won't forget everything that i meant
Forever
And mirrors won't make it any clearer

Open up your eyes
It's crazy what you can see
You head spins and time goes by
You can't do it on your own
There's nothing to hide

The promises that we have kept
None of it I regret
So take my hand
Don't pretend

It's funny how we used to be so strong
But now it seems like we don't belong
Together
And mirrors won't make it any clearer
Even though now we're just friends
I won't forget everything that i meant
Forever
And mirrors won't make it any clearer

You don't have to do it on your own
You know you'll never be alone

Just because we're done doesn't mean it's the end
And you know that it's true

It's funny how we used to be so strong
But now it seems like we don't belong
Together

a

And mirrors won't make it any clearer
Even though now we're just friends
I won't forget everything that i meant
Forever
And mirrors won't make it any clearer

You don't have to do it on your own
You know you'll never be alone
Mirrors don't show what we really are inside
Just know that it'll be alright
