Never wanted things to end this way
Are we ok? Are we ok?
Just stop fighting, take my hand
Let's welcome a new day
Are we ok? Will we be ok?

I swore to change
All I need is a chance
Don't go away
Can't we find a new romance?
One more chance, one more chance.

If I fell would you pick up the pieces?
If I left would you call every night?
I want you to stay
But you're already on your way
What if this is just a mistake
Cause i'd rather have it any other way
Stay

thinking of the times you swore we'd be okay
keeping promises that this love will never fade
croken hearts, killer lies
I guess it all just changed
One more day, one more day

I swore to change
All I need is a chance
Don't go away
Can't we find a new romance?
One more chance, one more chance

If I fell would you pick up the pieces?
If I left would you call every night?
I want you to stay
But you're already on your way
What if this is just a mistake
Cause I'd rather have it any other way
Stay

Move in, hold me
Breath out, control me

If I fell would you pick up the pieces?
If I left would you call every night?
I want you to stay
But you're already on your way
What if this is just a mistake
Cause I'd rather have it any other way
Stay
