i wake up to your voice on the radio
you're so close but so far away
just seeing you on my wall always seems to make me
smile

overhead the skies are clear
but life isn't complete when you're not here

i see you on the tv screen
each and every day
i lust for your sweet voice
sinking in every word you say
when you sing on stage
it gets so hard to breathe
but baby i know
that you're only the voice on the radio

sitting in starbucks sipping a cup of coffee
wishing you were here with me

and you play my favourite song
while i sing along
and i know this time i won't get the lyrics wrong

i see you on the tv screen
each and every day
i lust for your sweet voice
sinking in every word you say
when you sing on stage
it gets so hard to breathe
but baby i know
that you're only the voice on the radio

boy, you're incredible
playing with my heart like a puppet on a string
this feeling is unbearable
knowing that to you i don't mean a thing

i see you on the tv screen
each and every day
i lust for your sweet voice
sinking in every word you say

when you sing on stage
it gets so hard to breathe
but baby i know
that you're only the voice on the radio

so i guess all i can do
is sit here thinking of you
you're the voice on the radio
