when i've been through it all
and life gets tough
and i don't have the strength to carry on

the wind gets strong
and i'm giving up
just need someone to tell me to hold on

cause your care for me is enough
i know you're there to give me hope, whatever it takes
you're there to keep my faith in me
you're there to correct all of my mistakes
and i know that wherever you'll be
you are somewhere watching over me
when the sky is gray
and i don't have the courage to stand on this stage
you help me up
give me strength
and i'll find my way

cause you know that it's never too late
i know you're there to give me hope, whatever it takes
you're there to keep my faith in me
you're there to correct all of my mistakes
and i know that wherever you'll be
you are somewhere watching over me
and you've given me wings to fly
fly to the highest high
and i know that i'll get by
when you tell me that i'll be alright
i know you're there to give me hope, whatever it takes
you're there to keep my faith in me
you're there to correct all of my mistakes
and i know that wherever you'll be
you are somewhere watching over me

give me hope, whatever it takes
keep my faith in me
correct all of my mistakes
and i know
wherever you'll be
you are somewhere watching over me
